# PREMIER DINER

Almost a century after the first one opened for business in Providence, Rhode Island, diners across the USA are still going strong, even in this day of fast foods and fad cuisines.

Today you may see padded booths, pastel colors, elegant light fixtures overhead and rich carpeting underfoot. But beneath the exterior, you can still sense what makes this place a diner.

Something about it says you can relax and be yourself here. That's because we've made sure you'll always feel at home and think of this as your place.

It's your place because we accommodate whatever kind of eating you're in the mood for, from a snack to a feast.

It's also a meeting place for you and your friends because you will be able to cover this week's gossip over a burger and some fries.

It means you can feel free to linger over dessert with a date you want to get to know better.

And it means you can come here with your family for a five course meal and not have to worry about annoyed looks if your children don't act like perfect adults.

In the modern world there are so few places like **THE PREMIER DINER**, a comfortable middle ground away from home and away from work, where we can come together with our friends and family over food and gossip, jokes and conversation.

**THE PREMIER DINER** is proud of the food we serve, and we believe that the warm, easy-going atmosphere we provide is every bit as important to our customers as what's on the menu.

Our Oils are 100% free from animal fats  
All of our cooking is done with 100% Soybean Oil

**All Hamburgers & Steaks are 100% Prime Certified Black Angus Beef**
